Dear Parent

The third quarter witnessed the children becoming more mature and learning a lot of new concepts in all the subjects. The winter season is here and it brings with it warmth of woollens, steaming bowls of soup, abundance of fruits, vegetables, flowers and outdoor activities in the sun. It also brings with it a spurt of renewed energy. These months were full of activities as well. The children celebrated Dussehra and Diwali with zest and fervour in the month of October. The teachers talked to the children about things that they are thankful for, importance of giving and sharing because November is all about Thanksgiving and about helping others who are less fortunate. Little hands will also get busy making Christmas decorations by the end of December.

As we close out 2017, the MVN team would like to thank all the parents for their support. We would also like to update you about some of the events at MVN through our third newsletter. We wish you all the best over winter break as you have a chance to relax and enjoy the holidays with family and friends. May you have a blessed Christmas and a Happy New Year!

Regards
