

MVN TIMES JUNIOR

Edition – IV

January – March 2021

*"The only way to achieve the
impossible is to believe it is
possible"*

Dear Parent

‘A wise man adapts himself to circumstances, as water shapes itself to the vessel that contains it.’

The year 2020 taught us that life cannot stop nor can it be held to ransom by disasters whatever their magnitude may be. Life, like water will always find its course. The nightmare that we went through in 2020 is over and new hope has been lit with the arrival of the vaccine. We are sure that very soon we will be back to the school building and studies.

However, taking the challenges of 2020 head on and emerging victorious has been the greatest accomplishment. During the month of January – March the learning transition went on smoothly. Students have mastered the online classes and are prepared for their final examination. They seem to be confident and surely will emerge as winners all set to go on to the next class.

It gives us immense pleasure to state with pride that our students have been participating in many intra and inter school events and winning laurels not just for themselves but for the school as well. Their energy and enthusiasm has been an inspiration for all of us.

This journey through these difficult times would not have been possible had it not been the continuous and unflinching support of the parents. We, the teachers, take this opportunity to thank all our parents for their continuous support.

May God bless us all with good health and happiness for what is coming is better than what is gone.

Regards

Aamita

PRT English

CLASS ASSEMBLIES

MAKAR SAKRANTI

India is a country that celebrates every little moment with full zeal and enthusiasm. If anyone wishes to witness the rich diversity or the brimming enthusiasm, our festivals offer the perfect show. The students of Grade IV Aster put up a spectacular online show on the pious occasion of Makar Sankranti. The assembly began with a prayer to the Sun God, to whom this day is dedicated. The students threw light upon the different names this festival has in different parts of our country and how and why it is celebrated. The show culminated with an exuberant dance to herald the end of the winter season and welcome warmth, love and joy in our lives. The wonderful efforts of the children were applauded by one and all.

72ND REPUBLIC DAY

ON THIS SPECIAL DAY, LET'S PROMISE OUR MOTHERLAND THAT WE WILL DO EVERYTHING TO ENRICH AND PRESERVE OUR HERITAGE OUR ETHOS AND OUR TREASURE.

Republic day is celebrated with fervour and pride across India. On this day, the constitution of India came into effect. It marks the day when India became independent and attained the historic 'Purna Swaraj'. Every year, we at MVN, reaffirm our loyalty to our country, acknowledging the sacrifices by our unsung heroes, and rededicate ourselves to build a stronger and better India.

A special assembly was presented by the students of Grade III Bluebells on this occasion. Students participated with great zeal and enthusiasm. They presented thought-provoking speech and patriotic poems. An interactive quiz was also conducted. To create awareness about the constitution, some lesser known facts were also shared. The assembly culminated with a scintillating dance performance by the students.

RAINBOW OF VIRTUES

Good virtues once established stay with us for life. Various important virtues of life were exemplified by the students of Grade IV Camellia in their class assembly 'Rainbow of Virtues', that we all should adopt and possess as a part of character building, to achieve moral excellence. A plethora of acts were presented spotlighting the different virtues -

- * Thought for the day on **INTEGRITY**
- *Some useful tips on **ACCEPTANCE**
- *A thought provoking Nukkad Natak on **CLEANLINESS**
- *A motivational poem on **PATIENCE**
- *A mesmerizing dance on **GRATITUDE**
- *Display of skills showcasing **DILIGENCE**
- *Conversation on **RESPONSIBILITY & OWNERSHIP**
- *A theatrical puppet show on practicing **SELF CONTROL**

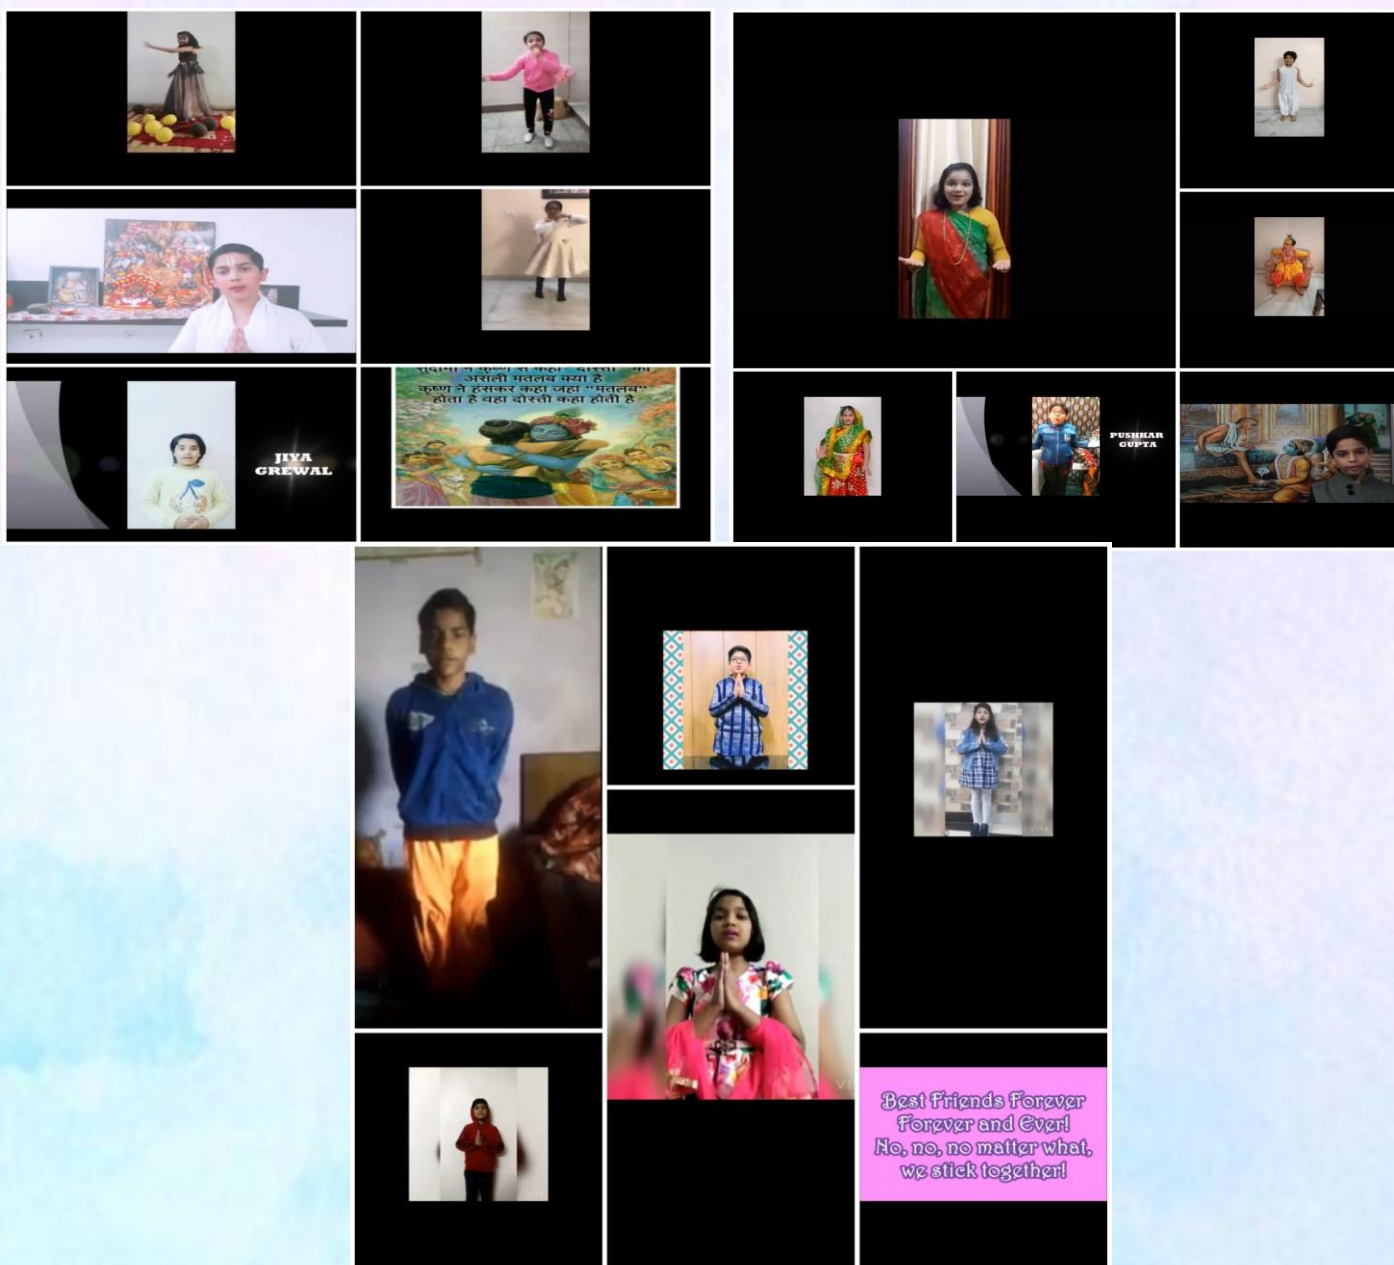

All the students enthusiastically participated in the assembly.

FRIENDS & FRIENDSHIP

“True friends are always together in spirits”

Friends play an important role in our life and everybody enjoys the company of friends. Friends stand by us through hardships and failures. The spirit of friends and friendship was celebrated by the students of Grade V-A through a virtual assembly. The assembly comprised of beautiful quotes, lively dances, and melodious songs. The focal point of the assembly was the play based on the friendship of Krishna and Sudama. The soulful performances of the students moved many a heart. Through this assembly, the pupils appreciated their friends for the support and love they have received from them. The assembly ignited a sense of nostalgia in the hearts and minds of all who were missing the physical presence of their friends. The efforts of the children were appreciated and applauded by all.

BASANT PANCHAMI

Goddess Saraswati, the deity of knowledge and wisdom is venerated by one and all on the pious occasion of Basant Panchmi, which also marks the onset of Spring Season. The Students of Grade V Camellia presented a virtual class assembly on 'Basant Panchami' which began on a pious note with the prayer 'Hey Sharde Maa' dedicated to Goddess Saraswati. The assembly showcased the significance and history of this festival.

The significance of the colour yellow, the food offered to the Goddess and the symbolism of Goddess Saraswati-the Veena, the lotus, the rosary, the book in her hands were also highlighted and explained in detail. The atmosphere resonated with the shlokas and poems recited by the students. The assembly culminated with the best wishes for the occasion and a mesmerising dance performance.

EXAMINATION & TIME MANAGEMENT

Success is not a coincidence nor an accident

It is hard work, perseverance,

learning, studying, sacrifice and

most of all love for what you are doing or learning to do.

This should be our mantra during examination days as suggested by the students of Grade V Bluebells during class assembly on 'Examination and Time Management'. An examination is an assessment aimed at measuring students' skills, aptitude, or knowledge. Exams are an essential tool in learning. To achieve the academic success one must carefully manage your time. Time management is the most important aspect of the examination as explained with the help of a story. Tips to score well, manage stress and time were explained. "Hard work and regular practice is key to success", was explained with the help of Hindi 'Doha'. An inspirational story based on Arjuna, the great archer from Mahabharat was also presented. Students were explained "Don't say you don't have enough time. You have exactly the same number of hours per day that were given to Helen Keller, Loius Pasteur, Mother Teresa, Thomas Edison, Leonardo de Vinci, Jefferson, and Einstein".

THE LEADER IN ME

"THE TRUE TEST OF LEADERSHIP IS HOW WELL YOU FUNCTION IN A CRISIS"

Leadership has led to the progress of human civilization. Without good leadership, no organization or group can succeed and effective leadership requires certain important qualities. Students of Grade II Aster presented a motivational virtual class assembly based on book "THE LEADER IN ME" written by Stephen R. Covey. Students very well explained the seven habits that we should develop to become an effective leader in life. Assembly also included Song, Quiz, Current Affairs, Poem Recitation and Group Dance.

Celebrating the Resilience, Creativity and Courage

As we are moving towards the end of this extraordinarily challenging academic session, it is time to celebrate the resilience, creativity and courage we all have displayed to sail through the tough times. This year will serve as a reminder for all of us where we have risen up to the enormous challenges and responded with resilience which was possible because of our unshaken commitment. We all learnt that although we cannot control the challenging and alarming environment, we can adapt to the situation and strengthen ourselves to cope better with the adversity that comes our way. We all did more with less which made all the difference.

Do you know which skill of our personality helped us sail through these times successfully? It is Resilience. Undoubtedly, resilience is the skill of the year 2020. There is no other skill in the world but resilience that is going to help us deal with sudden change, chaos and uncertainty that we are exposed to.

We all change and grow best in the face of adversity. We truly reach for that grit when we feel weak. We challenge our identities when hardship strikes and we test our boundaries for resilience when something terrible happens all of a sudden. To survive the storms of life, we need to be flexible not rigid so if we bend, we won't break. This is what resilience is all about. It is the super power inside all of us.

How to become resilient? Can we learn resilience? Yes, we can! Resilience is a skill which can be learnt just like any other skill, for example riding a bicycle. The more we practice it, more resilient we become.

Developing resilience is a personal journey. Ponder over following points to develop resilience in your personality:

1. Accept that change is a part of life. Acceptance immediately gives you clarity.
2. Avoid seeing crisis as unsurmountable problems. Take them as opportunities to learn and grow.
3. Keep things in perspective. Avoid blowing the event out of proportion.
4. Maintain a hopeful outlook. Look forward because that is where you want to go.
5. Take decisive actions. Only action can change the situation.
6. Make connections. A support system is very important.
7. Move towards your goals. Sometimes even a small progress matter.
8. Take care of yourself. Give yourself time and space to bounce back to life.

Accept the new realities of the times and be resilient to create a wonderful life!

With Best Wishes,

Archana Bapat

Counsellor, MVN

CLASS ROOM ACTIVITIES

SCIENCE QUIZ

“Learning gives Creativity
Creativity leads to Thinking
Thinking provides Knowledge
Knowledge makes us great.”

Quizzes are interactive platforms where students not only participate but gain knowledge and seek opportunities to excel. Quiz competitions are an interesting and informative way of creating excitement amongst the students and also make them learn in a fun way. Keeping this thought in mind, an Online Science Quiz Competition was conducted for Classes I to V. The students showcased their brilliance by rapidly answering the questions.

Even though you know a million things, there’s still a long way to go”.

These kinds of positive competitions ensure to bring out the best in the students and also make sure that they learn through all possible ways- not just through books and classroom teaching. The little minds were at their enthusiastic best and participated with much fervor. The Quiz Competition ended on the note ***"Knowing yourself is the beginning of all wisdom."***

MATHLETE

Mathematics is poetry in numbers. It instills hope that every problem has a solution. Studying Mathematics develops overall intelligence, systematic thinking and problem solving abilities. Keeping this in mind, Mathlete - a competition was organised for the pupils of the Primary Wing of MVN. The alacrity of the students could be gauged by the tough competition they gave to each other to emerge victorious. Their agility once again proved that nothing can dampen the spirit of those who wish to learn.

POSTER MAKING ACTIVITY

To commemorate the Republic Day, a Poster Making Activity was conducted for the classes I – V. The young learners displayed their artistic skills through an array of posters based on themes – ‘My India My Pride’, ‘Unity in Diversity’, ‘India of My Dreams’ and ‘India – A Tableau of Colours’. It was a great opportunity to watch these budding artists creating and displaying their ideas on paper. The students thoroughly enjoyed the activity.

BASANT PANCHAMI ACTIVITY

Sundering the chasm of ignorance and apathy, we at MVN continue to make tremendous strides to bask in the valley of wisdom and knowledge. To keep the spirits high, various activities such as Flower Arrangement, Origami, Cooking Without Fire and Drawing and Colouring were conducted in different grades.

FRIDGE MAGNET ACTIVITY

INTERNATIONAL WOMEN'S DAY

8th March is considered as International Women's Day that celebrates amazing women all around the world and gives us all a moment to admire, be inspired and celebrate all the incredible women in our lives. At MVN we commemorated Women's Day by organizing a legion of activities amongst different Grades.

The students of Grade-I kicked off the festivities with putting up a magnificent display of ingenious Handcrafted Cards for their loving mothers. Grade -II joined the festivities by putting together a powerful Quote Writing exposition. Grade-III and IV students supplemented the festivities by handcrafting elegant crowns for their mothers and preparing delectable evening cuisines, while Grade -V students delivered enamoured oration on the topics `My Role Model` and `The Woman I Admire The Most`.

Tatsam Ranjan
Head Boy

The word "EVENTS" is displayed in a playful, 3D style. Each letter is contained within a separate, brightly colored rectangular block that appears to be a folded piece of paper or a small sign. The colors of the blocks are: 'E' (green), 'V' (purple), 'E' (pink), 'N' (blue), 'T' (orange), and 'S' (teal). The letters themselves are white with a slight shadow, giving them a three-dimensional appearance. The entire word is set against a white banner with a slightly irregular, torn-edge effect. The background of the page is a soft, light blue and white watercolor-style wash.

CRUCIBLE - The Confluence Of Ideas

E-MODEL PARLIAMENT

**“The Young People of India will build a Strong
And a Powerful Nation,
A Nation that is Politically Mature and
Economically Strong”**

The E-Model Parliament organized by Modern Vidya Niketan is an opportunity for the students to make an impact and highlight the need for the young minds to get firsthand experience in the governance of the country. It is a platform to inculcate leadership qualities in them, to experience the law making process of our country, sharpen their skills of debating, negotiating and to broaden their mindset.

FOUNDER'S DAY

“Education is not preparation for life; Education is life itself.”

The phrase epitomizes the vision of our Founder Principal, SHRI GOPAL SHARMA SIR. He strove with utmost sincerity, grit, determination, and perseverance to build an abode of knowledge that would continue to illuminate the life path of students for the generation to come. On his 69th Birth Anniversary, we celebrate his vision and achievements to draw inspiration from the Legend who changed the scenario of education in Faridabad.

A special virtual assembly was organized by ‘Student Council’ to commemorate the joyous occasion. Students from all Classes paid their tributes to Shri Gopal Sharma Sir. Mr. Varun Sharma, President MVN Society, Ms. Ruchika Sharma, Management Member, MVN Society shared their fond memories of beloved Sir, who guided them as Father, as Teacher, and as a Mentor. Mr.J.P. Gaur, Director, MVN Schools paid an emotional tribute to sir. Ms. Anita Bhalla (Former Principal), Ms. Eneta Kaul and Ms. Kalpana Tanwar (Former Teacher) also paid a special tribute. Alumni members of the School Dr. Vivek Logani (Class -1994), Surgeon, Joint Replacement and Sports Injury Centre, Paras Hospital Gurugram; Dr. Rajeev Chowdry (Class - 1994), Sr. Consultant, Head of Department Internal Medicines QRG Central Hospital, Faridabad ; Ms. Ritu Sharma (Class - 1998), Joint Secretary CBSE; Mr. Nakul Bharadwaj (Class - 1998), Political Leader; Ms. Suveni Tameri (Class - 2001) Head Strategic Marketing and Hi-Tech Wipro Ltd. also shared their remembrances.

“Long after the light is gone,
Illuminance and radiance still glows.

Long after a dear one is gone,
Remembrances and Reminiscences
still keep him alive.

A mortal becomes an immortal,
When he touches so many lives!”

CLUB ACTIVITIES

BHASKARA CLUB

Mathematics can be fun if you treat it the right way. Maths is nothing less than a game, a game that polishes your intelligence and boosts your concentration. Students enjoyed the activities of making nets, puzzles, quizzes, symmetry and patterns thoroughly.

UDAY SHANKAR CLUB

In Dance Club, students learnt many dance forms. They also learnt Zumba and aerobics. They also enjoyed learning dance on patriotic songs and celebrated festivals like Basant Panchami and Holi.

AEROBICS & WELLNESS CLUB

Stay Fit, Stay Happy!

In a bid to aid the young scholars of MVN School Sector-17 to be more mindful, focused and boost their retention skills, a series of fitness activities were organised in the online Club sessions. From learning to concentrate on their breathing to stretching their limbs to perform the healing asanas, the students were guided to unshackle their minds and absorb the positive vibes.

EINSTEIN CLUB

To trigger the interest among the students and to inculcate scientific temper among them, Einstein Club organised several activities and experiments like STEM toys, experiments on air and hydrostatic pressure, refraction of light, acid base reaction etc. Club encourage, motivate and help the students to understand scientific knowledge through experiments.

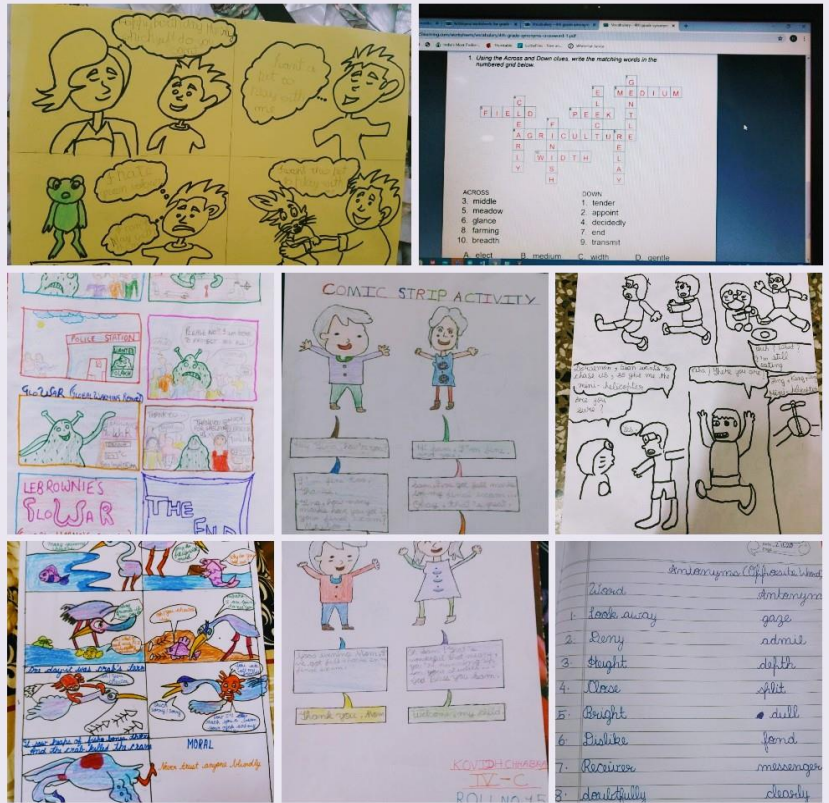

M F HUSSAIN CLUB

To discover the undiscovered talents of the young MVNites, M F Hussain Club was conducted where in the students learnt and showcased their natural creativity with fun filled art and craft activities like Madhubani, Bottle Painting, Tearing and Pasting, Drawing and Colouring etc

R K NARAYAN CLUB

The language club enables the students to practise and enhance their spoken language skills nurtured through assorted activities. Picture dictionary, picture reading, extempore, vocabulary enriching online quizzes, comic strip writing, story framing were a few among the undertakings of the club.

DEREK O'BRIEN CLUB

“Education is simply the soul of a society as it passes from one generation to another”

“Derek O'Brien Club believes that knowledge is power and therefore intends to empower its students with the facts and information of national and international importance thereby contributing towards personal enrichment and widening the sense of perception to have a better understanding of the world. This club offers exciting ways in the quest for knowledge through various activities like group discussions, mind games, newspaper reading, debates and quizzes.

TANSEN CLUB

The music club provided a platform for students to bond over music in terms of performing, learning, sharing and creating by studying diversity in music. Students enjoyed learning vocal and instrumental music. They learnt sargam, rhythm, raag yaman, teen taal in vocal music and also learnt how to play different instruments like playing keyboard, tabla and guitar.

A positive attitude brings
much gratitude. Think positive,
be positive, speak positive.
Do it every day, make it
a **HABIT.**
